The exhibition will open on 9th February 2025 at 10 AM. The exhibitors are therefore requested to cooperate with the organizer and complete their display as per the deadline so that necessary covid related protocols can be followed and arrangements for the inauguration can be made.

ENTRY AND REMOVAL OF EXHIBITS

Entry of freight vehicles in the "Biswa Bangla Mela Prangan complex will not be permitted during exhibition period. However, vehicles carrying exhibits will be allowed entry up to 12 noon on 8th February 2025 for the purpose of bringing in exhibits only, provided the possession of stand has been taken and construction completed as per given timeline. Entry and exit of freight vehicles during the built-up & dismantling period will be allowed only from the designated Gates as per the details given below: -

Hall No.	Entry Gate	Exit Gate
A & B	Gate No. 01	Gate No. 05

For moving out, all Exhibitors will be required to submit three (03) copies of Form-X Gate Pass to the hall manager deployed in their respective hall by 11th February 2025 till 4 PM. The duly stamped Gate Pass can be collected from the respective Hall Manager/Organizer office on 11th February 2025 from 12 noon onwards after clearance of all dues. After conclusion of the expo, the exhibitor shall take their exhibits and other materials out of the exhibition halls after 6.00 PM on 11th February 2025. The vehicles for loading and moving out of the exhibits will be allowed inside Mela Prangan after 6 PM. Exhibitors may please note that no entry or exit of freight vehicles will be allowed other than from the specified gate. However, the organizers may change the entry/exit plan at any time due to administrative reasons.

EXHIBITORS BADGES (No Entry without Badges)

- Exhibitor Badges will be issued for security reasons which are mandatory to carry for all the exhibitors.
- All visitors must register at the expo and carry their visitor's badge throughout the expo.
- No visitor below the age of 18 years will be permitted inside the venue.
- These badges are not transferable.
- All exhibitors are requested to display their badges throughout the expo.
- Entry to exhibition halls will not be permitted without valid badges.

NOTE: The exhibitors will be issued badges as per the following break up:

SIZE OF STAND IN SQ. MTR.	12 -18	24 - 36	42 - 96	100 & above
NO. OF BADGES ADMISSIBLE	THREE	FIVE	SIX	TEN

The badges will be handed over to the exhibitors at the venue. They can collect them from Organizer office/their respective Hall Manager on submission of the Authority Letter. (On Company Letterhead)

Exhibitors may please note that no entry or exit will be allowed other than from the specified gates. However, organizers may at any time change the entry/exit plan due to administrative reasons. NO WORK WILL BE ALLOWED WITHOUT CONSTRUCTION BADGES - Exhibitors may please note that entry of labour / exhibitor's staff without construction badges will not be allowed in the venue Complex during the Built-up days.

The Organizer will issue Construction Badges to all exhibitors or their representatives for entry into exhibition area during the construction period from 7th February to 8th February 2025 and these badges will be valid till 10 PM on 8th February 2025. The staff and contractors with the construction badges will only be allowed to enter the exhibition area during construction period. Kindly fill- up and submit enclosed Form-IV by 31st January 2025. The staff and contractor should be in possession of the copy of Form-IV already submitted by the Exhibitors to the Organizer.

MODULAR STAND BUILT UP STAND

A 12 sq. mt. constructed stand will include the following:

- Three sides wall panel
- One plug socket
- One dustbin
- Floor Carpeting
- One table & two chairs
- Fascia with participants name
- 1 spotlight for every 3 sqm space

IMPORTANT – ELECTRICITY: It may please be noted that use of unauthorized unlimited spot light / Halogen light or other equipment absorbing electricity more than the permissible limit as per the stand size is not permitted. All exhibitors may please note for a 12 sq. mt. stand only 4 spotlights of 60 watts each are allowed. Exhibitors can have additional electricity on payment basis.

Requests for additional electricity load should be submitted at the organizer's office on the Form-V by 31st January 2025. Any gadget which requires electricity load for 24 hours be included in the additional electricity requirement and the details of gadget with load mentioned in the form. Please note unauthorized use of electrical loads of more than the permissible limit will be severely penalized. Further, the Organizers reserves the right to disconnect the electricity of stall if it is noticed that the exhibitor is drawing power more than the sanctioned load.

Alternatively, exhibitors are requested to use Smart Lights like CFL/LED to optimize their power load.

MODULAR STAND EXHIBITORS MUST ADHERE TO THE FOLLOWING POINTS:

- ⊕ No additional booth fitting, or display may be attached to the booth's structure.
- ⊕ No tapes, nails or fixtures of any kind are allowed to be affixed to the partitions, floor or ceiling. Exhibitors are liable for any damage caused to their booth fixtures and fitting at the fair.
- ⊕ No freestanding fitment may exceed a height of 4 mtr or extend beyond the boundaries of the booth allocated. This includes exhibits, name fascia, advertising material and company logo.

- All exhibitors stand materials, and the like shall be removed immediately after the closing of the exhibition according to arrangements and within the time limit specified by the Organizers. Any exhibits or stand material left behind at the Exhibition Venue shall be deemed abandoned. Exhibitors are responsible for the expenses incurred for disposing of all such items.
- Installation of electrical equipment's, including lighting, fixtures must adhere to the Electrical Regulations. Exhibitors are advised to make use of branded electrical fittings and graded equipment only.

ARE YOU CONSTRUCTING YOUR OWN STAND?

(BARE SPACE SITES- Architectural/ Design Guidelines)

In order to make your stand more attractive and harmonious with the overall hall design and dcor, the following Design Guidelines have been formed to help your designer/ decorator to conceive best possible design of your stand within the design parameters which needs to be followed by all concerned.

Maximum Permissible Height of Stands (Raw Space) (Including Fascia) Exhibitors in Hall A & B = 4 mtr.

*Exhibitors are requested to bring in prefabricated structures if constructing their own booths to ensure all construction and display are completed by the deadline
i.e., by 04 PM on 8th Feb 2025.*

General Guidelines for all Exhibitors (Very important: All exhibitors must read and follow strictly)

Exhibitors can appoint any qualified contractors for their booth designing and construction. They are free to choose either from the listed companies given on Page no. 05 or any such contractor of their own choice. However, they must ensure that their appointed contractor is registered with the organizer at the latest by 25th January 2025. They also have to intimate the organizers in the Form-III about the details and authority given by them to such booth construction company. Please note, exhibitors will be directly liable for the conduct and actions of their appointed contractor. They have to get designs of their proposed booth approved from the organizers compulsorily before 31st January 2025.

Following formalities must be completed by each exhibitor

- ⊕ *Fill and submit duly signed Form-III along with Booth Design.*
- ⊕ *Copy of GST Certificate of the booth Construction Company must be submitted along with the above form.*
- ⊕ *Submit the Booth Design with Elevation Plan & Electrical Layout for approval by 31st January 2025.*
- ⊕ *Submit duly signed exhibitor undertaking on your letterhead as per Form-IX*
- ⊕ *Only the Contractors registered with the organizers by the exhibitors will be allowed to Undertake booth construction at the venue.*
- ⊕ *All booth designs whether to be constructed inside a Raw Space must be certified by Structural Engineer and be submitted to the organizers for approval either directly by the exhibitors or by their registered contractor latest by 31st January 2025.*
- ⊕ *All contractors must obtain a Certificate to Build from the organizers before they can start construction or booth display work at the venue. This certificate will be issued at*

Organizer's office only after receiving:

- [1] No Dues Certificate*
- [2] Approved booth design copy*
- [3] Additional Electricity load requirement form and Exhibitor's Undertaking on Company Letterhead*

- ⊕ *All workmen and Team members of the Booth Designer and Contractors must wear Construction Badges without which they will not be permitted to work at the premises. Construction badges will be issued at Organizers office on submission of Form-IV.*
- ⊕ *While planning and constructing your booth, respect your neighboring booths which have common wall to yours. Do not create structures and designs which obstruct your neighboring booths. Ensure that backside of your walls is properly finished and do not spoil the view or design of the other booths. All exhibitors constructing their booths may please note, Back-to-Back Finish & Paint of walls is the responsibility of the exhibitor.*
- ⊕ *Ensure that during the Onsite construction activity of your booth, Aisles & Common Areas and Neighboring Booths are not encroached upon and are kept completely free.*
- ⊕ *Organizers support promoting environment and eco-friendly construction activities to minimize air and noise pollution. Hence, basic carpentry, painting and polish work is not allowed on site. All components of your booth must be produced in your contractor's workshop. Only such prefabricated modular components are allowed to be assembled and finished at the venue to minimize carpentry. Excessive carpentry work causing major inconvenience to other exhibitors on site will not be allowed by the organizers.*
- ⊕ *All booth walls, furniture, lights, exhibits, merchandise, and fittings etc. should be free standing or mounted on the booth walls. No drilling or construction work on the hall floor is permitted. Any such damages, if caused, will be recovered from the exhibitor along with penalties.*
- ⊕ *During booth construction activities, all your material should be kept in the designated area of your own booth. Walking aisles should be left free. Safety should be your foremost concern at all times.*

Most Important: - All exhibitors constructing their own booths must have the designs/plans duly certified by a Structural Engineer. The Copy of the same be submitted to Organizers by 31st January 2025. Any modifications to the approved booth design must be submitted for approval again. Booth installation not complying with the most recent plan received and approved will not be permitted.

FIRE, SAFETY PRECAUTIONS & SPECIAL INSTRUCTIONS FOR EXHIBITOR CONSTRUCTING OWN BOOTHS - [TO BE FOLLOWED BY ALL]

- ⊕ Exhibitors are permitted to construct their own booth under the supervision & guidance of a Structural Engineer. All exhibitors constructing their own booths must have the designs/plans duly certified by approved Structural Engineer.
- ⊕ The Organizer reserves the right to obtain a copy at any given time during the expo for information and record. (KINDLY USE ENCLOSED FORM-III and submit by 31st January 2025.
- ⊕ The Organizer reserves the right to stop construction if it is noticed that the construction is not safe and stable. It is the sole responsibility of the exhibitor to ensure that the construction is safe, and the guidelines are followed.
- ⊕ Exhibitors are requested to submit the details of their Contractor/Agency as per the enclosed format within the specified deadline for issuing contractor badges. Kindly fill up and submit enclosed Form-IV by 31st January 2025 for issuance of Construction Badges.
- ⊕ The Organizer will not be responsible for any delay on account of non-ubmission/late submission of the required information by the exhibitor.
- ⊕ No display, construction or projection of construction element shall be permitted in the passages.
- ⊕ Constructions of stands must be confined within the allotted area and should not projected over the stands or into the gangways.
- ⊕ Exhibitors are requested to kindly contact their hall manager for exact location of their space within the hall before commencing construction of their stall.
- ⊕ Exhibitors opting for bare space are advised to bring prefabricated stands to avoid any delay in erection of their booth and damage to the venue property.
- ⊕ Use of inflammable material like dry grass/straw, bamboo sticks, jute, synthetic fabric, wallpaper or fabric/flex masking, surgical cotton, wood chips & wooden scraps will be strictly prohibited.
- ⊕ Electricity is not included in the Raw Space package. Exhibitors who have booked raw space need to order for Electricity (KINDLY USE FORM-V and submit by 31st January 2025). The load will be provided on orders of hall managers at site/allotted space on production of electric load sanction, given by organizer at the organizer's office.
- ⊕ Access to electric meters/main distribution boards, public conveniences and emergency exits shall be left clear during construction and display.
- ⊕ Exhibitors opting for bare space will not be entitled to any refunds on their stand rent, any additional items, or services etc. in lieu of the stand rent during the Expo.
- ⊕ Only the agencies empaneled and authorized by the Organizer (as per list enclosed) or the agency registered by the exhibitor by 25th January 2025 will be allowed to work inside the exhibition halls.
- ⊕ Empty boxes, cartons and other packaging materials shall not be kept in the halls as the same pose serious fire hazard.

- *Electrical works in the stands MUST be entrusted to licensed electrical contractors and use of ISI Certified & Fire Insurance approved material shall be mandatory.*
- *The authorized electrical engineer shall provide connections from the tapping point of main power line to each constructed and electrical fitted stand.*
- *Fire Precaution: For all construction with wooden material involved, raw space contractors are required to prepare one functional fire extinguisher at a conspicuous spot within the assigned area during the construction period including the day of dismantling & exhibition days for safety reason.*
- *Exhibitors are advised to monitor the jobs executed by their contractors and ensure only Fire Insurance Approved branded wires and fittings are used. Electrical fire is a constant threat due to use of poor-quality material and unauthorized tapping of electricity in the bare/raw space booths.*
- *In case of any untoward incident on account of negligence on part of the exhibitor or the contractor engaged by the exhibitor for the above matter – the exhibitor will be solely responsible for the loss including the loss caused to the property of the Venue and the Exhibition Contractor/Agencies engaged by the Organizer.*

All Exhibitors constructing their own booths are required to install fire extinguishers during the construction & exhibition period including the period of dismantling. In case, the exhibitor's fail to do the same, the Organizer will install, and charges shall be billed to the exhibitor.

The organizer reserves the right to close the stall if the above guidelines are not followed by the exhibitor/contractor.

DISTRIBUTION OF PROMOTIONAL LITERATURE

Promotional materials such as product catalogues and brochures can only be distributed by the exhibitors within their booths.

Exhibitors may please note that distribution of promotional literature in passages, common area, lounge, or restaurant or in the expo ground (other than their stand) is strictly prohibited. Organizers have the right to confiscate such promotional literature.

POSSESSION OF STAND - AUTHORITY LETTER

Possession of the stand will be given to the exhibitors, subject to receipt of full payment and clearing all dues whatsoever that may accrue before taking possession of their stand and on submission of Authority letter as per the FORM-VI. Stands are to be vacated on the same day of the conclusion of the Expo. Please keep the details of all the payments with you for the satisfaction of your hall in charge and present it on demand.

EXHIBITS DISPLAY DEADLINE

All exhibitors are requested to complete display of exhibits/Testing of machine at their stands strictly by 10 PM on 8th February 2025.

The final cleaning process of the Hall will start at 10 PM on 8th February 2025.

Empty boxes should be kept with freight forwards or in respective godown. Empty boxes will not be allowed to be kept anywhere in the exhibition area. These will have to be removed before 10 PM on 8th February 2025, failing which, organizers shall have the right to confiscate these boxes and impose dumping charges for the material.

SELLING FROM STAND: RETAIL SALE NOT ALLOWED

Please note it is strictly prohibited to sell anything from the stand. Kindly submit your undertaking on

Form – IX by 31st January 2025 (12 PM).

OBSTRUCTION OF PASSAGE/ OUTSIDE STAND AREA / GANGWAYS

No stand should be left unattended during Exhibition hour. Activity, which in the opinion of the organizers amounts to nuisance, will not be allowed. Exhibits must not obstruct the passages. Organizers possess the right to take remedial action in such cases.

Exhibitors are advised to display exhibits only within the area of their stand. Obstruction of passages or exhibits display outside of stand will not be allowed. The organizers have the right to confiscate the exhibits kept outside the stands.

MANNING THE STAND

- ⊕ *Exhibitors should keep their stands in an orderly manner.*
- ⊕ *Empty boxes should be kept in with the freight forwards or in respective godown.*
- ⊕ *Exhibits should be displayed in a professional manner compatible with the image of the fair.*
- ⊕ *All exhibitors are required to remove the night sheets/curtains from their stands by 09:40 AM, failing which, the organizers shall have the right to remove the curtains/night sheets.*
- ⊕ *Stands must be always manned by knowledgeable staff during the exhibition period. Exhibitors should not vacate their stands before the official move-out time on the last exhibition day unless special permission has been given by the organizers.*

GENERAL BEHAVIOUR

- ⊕ *Exhibitors should always behave in a courteous and business-like manner throughout the exhibition. They must pay due respect to visitors and other exhibitors.*
- ⊕ *Exhibitors should welcome all visitors to their stands. They must not act in a discriminatory way or prevent certain visitors from approaching their stands under any circumstances.*
- ⊕ *Exhibitor badges are not transferable and should be worn at all times for security reasons.*

RIGHT TO PRIVACY

Exhibitors are expected to respect the right of all other exhibitors. They are prohibited from entering other exhibitors' booths unless they are invited.

NO SMOKING ZONES (Entire Exhibition Area is Non-Smoking Zone)

The stands are being erected in prefab systems within a covered structure and will have limited air circulation facility. As such it is advised to refrain from smoking in all the covered areas. You may also advise the same to visitors and your buyers.

WARNING

No person under any circumstances shall cut into or through any floor covering or wall, nor alter any structure of the exhibition hall. Any such damage to the exhibition hall will be recovered from the exhibitor.

SPEND 10 MINUTES IN THE EVENING AND RELAX THE NEXT MORNING

Exhibitors are advised to spend at least 10 minutes in the evening to clean their stands. You can take out all wastepaper and brush the floor covering. Your 10 minutes in the evening will save you from the dust on the next morning to be relaxed and calm. Cleaning of Exhibition halls will commence at

7.30 PM daily during event days. Exhibitors may please note, waste basket be kept in gangways so that waste can be cleared. Cleaners will not enter inside the stands. If garbage etc. is found after 7:30 PM inside the stand, the exhibitors will have to get it cleaned on the next morning under their own arrangements.

HALL/BOOTH CLEANING

The Organizers will be responsible for the general cleaning of the exhibition halls and gangways only. Exhibitors must clean their booths and put their rubbish in front of their booths after the show time by 7:30 PM daily to be picked up by the cleaners.

CLEANING FOR STAND

Exhibitors desirous of having dedicated cleaning services for their stand, the requirement of same should be sent on Form-XII latest by 31st January 2025.

SECURITY

Participants will be responsible for security of their exhibits and stand. Organizers will make general security arrangements during the exhibition. Halls will be sealed daily at 7:00 PM & no person will be allowed to stay in exhibition halls between 7:00 PM to 8:00 AM. Entry into the exhibition area will be opened daily at 8:30 AM. Security will be taken care of in every manner. However, organizers do not take any responsibility for theft, loss, stealing, pilferage etc. and goods are to be kept at owner's risk.

SECURITY FOR STAND

Exhibitors, desirous of having security services for their stand, the requirement of same should be sent on Form-XI latest by 31st January 2025.

SHARING OR SUBLETTING OF BOOTHS

Exhibition space will be allocated to exhibitors/companies by name of organization and sharing or sub-letting will not be allowed under any circumstances. If it is found that the exhibition space is not being used by the original allotted and has been sublet to another company, the booth shall be immediately sealed and the companies in question shall be debarred from all future Participations in the IFEX 2025 or any other fair/expo being organized by IEML.

INVITING YOUR CUSTOMERS

The Organizer do put various efforts to ensure presence of high-quality trade visitors at 73rd Indian Foundry Congress concurrently with the Foundry Exhibition IFEX 2025. Exhibitors may, however, wish to invite their current and potential customers to their booth, to showcase innovations and latest product range. For this purpose, the organizer will provide special Invitation card to the exhibitors. The exhibitors can send these invitations to their important customers immediately on receipt. Please forward your request for the required invitations on or before 31st January 2025 visitors.ifex@indiaexpocentre.com

Please also inform and encourage your customers to pre-register online that is free of charge @<https://www.ifexindia.com/> to save their time, since there will be separate queues for pre-registered visitors, where they will be able to print their badges quickly. Please note that only trade visitors invited by the exhibitors and organizer who have pre- registered online or having invitation card or holding valid identity for on spot registration will be allowed entry in IFEX 2025.

SERVICES RESTAURANT

Multi Cuisine Restaurant & Food Court and Snack/Coffee Counters will be operated during the Expo days at the designated food court

PUBLIC ADDRESS SYSTEMS (ANNOUNCEMENTS ON PA SYSTEM)

The public address system is for use by the organizers for official announcements only. It is not available to exhibitors for publicity purposes or for individual messages.

PHOTOGRAPHY & VIDEO SHOOTING

No photography, sound recording, or video shooting will be allowed in the expo venue, unless approved by the organizers in writing in advance. However, the organizers & their approved photographer have the right to take photographs of any stand or exhibits for their official and media use.

CAR PARKING

Car/Vehicles may be parked at owners' risk in the designated Free parking areas near the venue subject to availability of Free space.

VIOLATION OF GENERAL EXHIBITOR RULES

In case any exhibitor is violating any of the General exhibitor rules as stated in the "Expo Application Form" submitted for participation in the fair or is non-cooperative, the organizers shall have the right to close down the stand of the participant immediately.

UNFORSEEN OCCURRENCES

In the event of any occurrence of unforeseen in these rules and regulations, the decision of the organizers would be final and binding on all exhibitors.

DO's

- Please always keep a fire extinguisher in your booth if you are constructing your own booth.
- Please keep your Badges on throughout the expo.
- Please clean your stand in the evening with a soft floor cleaning brush to avoid dust in the morning.
- Please leave the waste bin outside your stand while leaving in the evening.
- Please keep sufficient number of business cards, catalogues, file holder, stapler, carbon papers and your documents like Perform invoice / order books etc.
- Please reach by at least 09:00 AM at the entrance gate because screening at entry point for the exhibitors may take some time to clear you to enter exhibition halls. Kindly keep your exhibitor badges ready. Please co-operate with the security on duty.
- We request you to advise your junior staff to wear dresses presentable in the business environment.
- Please open your stands and remove all the curtains latest by 09:00 AM failing which, the Organizers reserves the right to remove the curtains of the booth.

DON'T'S

- Please do not use inflammable material like dry grass/straw, bamboo sticks, jute, synthetic fabric, wallpaper or fabric/flex masking, surgical cotton, wood chips & wooden scraps.
- Avoid lighting candles / agarbatti / dhoop or any other inflammable articles.
- Please do not allow your contractor to use poor quality electrical wirings and fittings, as it may cause serious fire hazard.
- Please don't leave the stand unattended at any time or during lunch.
- Please don't keep any articles on the main bay / gang ways.
- Please don't hang articles on the outer portion of your stand.
- Don't alter name fascia board. (Even if your name is spelt out wrongly, please inform the Hall Manager).
- Please don't load shelves heavily as these can fall off.
- Please don't keep empty cartons, helmets, suitcases etc. in the stand.
- Please don't push the structure.

Wish you a grand success during "IFEX 2025"

CONDITIONS FOR CATALOGUE ENTRY

Paper size:

210mm. height, 125mm. width,

Language:

English

Type Area:

182mm. height, 100mm. width: 1/1 page

Printing system:

Offset printing, cover multicolour, content single colour

Printing documentation:

Complete artwork on a USB flash drive with progressive colour proof. According to the **Conditions of Participation**, an entry for each exhibitor as well as for each represented firm is obligatory. This obligatory entry contains 4 lines and two product indexes. Exhibitors who have not submitted their order forms within the stated time will be entered in the catalogue on the basis of the information available to the organizer of the exhibition, without any guarantee of correctness.

General Conditions:

1. Any verbal agreements made while placing orders for advertisements must be noted on the order form.
2. Orders for entries in the catalogue are not confirmed by the publishing house.
3. The management of the exhibition and their authorized representatives are entitled to refuse the acceptance of orders without giving reasons.
4. Orders can only be ceded to third persons if the organizers are in agreement.
5. The tariff for entries cannot include the costs

for graphic work or for the execution of photos or films. If such work is necessary due to the execution of an order, it will be calculated separately. Furthermore, the firm placing an order can be charged with costs resulting from considerable modifications of orders originally agreed upon.

6. All insertions can be published correctly if perfect and undamaged documents, films, etc. are provided to the publishing house.
7. All publishing materials, which are not claimed, will be kept by the Organiser for two months.
8. No guarantee of adherence to space regulations is given unless the additional charges mentioned in the advertising charges are paid. In the event of accidental non-publication of an advertisement or insertion, partial or complete illegibility, incomplete printing, as well as in the event of incorrect placing or giving of incorrect hall and stand numbers, the order can make no claim to compensation. Errors in an insertion do not entitle the firm placing the order to refuse payment for another insertion for which payment is due.
9. Copy proofs of insertions are not forwarded. Please use standardized order form for insertions.
10. Only the number of lines actually printed in the catalogue will be calculated and not the manuscript as mentioned on the order form.

**CATALOGUE ENTRY FORMS, PRODUCT INDEX
&
ADDITIONAL ORDER REQUEST FORMS**

FORM -I

21st International Foundry Exhibition – IFEX 2025 Concurrent with 73rd Indian Foundry Congress, Cast India Expo

February 09 - 11, 2025; Biswa Bangla Mela Prangan, Kolkata, India

CATALOGUE ENTRY FORM (BASIC CATALOGUE ENTRY)

Deadline – 31st January 2025

Return to:

India Exposition Mart Limited
Plot No 23-25 & 27-29, Knowledge Park II
Greater Noida, Gautam Budh Nagar
Uttar Pradesh – 201306 Fax: +91-120-2328010

PL. EMAIL TO
Mr. Rakesh Kumar Jha,
Mobile: +91 9311708367;
Phone: +91 120 2328011-20
E-mail: ifex@indiaexpocentre.com

In accordance with the conditions stated overleaf, which we/I accept herewith, we order the following basic entry in the alphabetical list of exhibitors.

Product Index No. : _____

(Two Product Index entries are free)

Catalogue Size: 210mm(H) X 125mm(W)

Print Area: 182mm(H) X 100mm(W)
Center

Note: The catalogue will be printed in English language only.

Basic Catalogue Entry

Registered name of Exhibitor/Company: _____

Address: _____

_____ State: _____ Country: _____ Pin code: _____

Phone: _____ (area code) _____ Fax: _____

E-mail: _____ Website: http:// _____

Name of the Organisation's Head: _____ Contact Person: _____

Stand no.: _____

**** For Additional Product Index entries/Information - Please fill Form 02.**

In submitting this application for catalogue entry, the exhibitor agrees to all points of the conditions for catalogue entry of Organiser and confirms to have received them. Undersigned is the duly authorised signatory of the exhibitor / co-exhibitor as mentioned above.

Deadline for receiving completed basic catalogue entry forms with product profile is 07th January 2025.

Place :

Date:

Authorised Signatory with Company Stamp

FORM -II

**21st International Foundry Exhibition – IFEX 2025 Concurrent with
73rd Indian Foundry Congress, Cast India Expo
February 09 - 11, 2025; Biswa Bangla Mela Prangan, Kolkata, India**

CATALOGUE ENTRY FORM (ADDITIONAL INFORMATION)

Deadline – 31st January 2025

Return to:

India Exposition Mart Limited
Plot No 23-25 & 27-29, Knowledge Park II
Greater Noida, Gautam Budh Nagar
Uttar Pradesh – 201306 Fax: +91-120-2328010

PL. EMAIL TO
Mr. Rakesh Kumar Jha,
Mobile: +91 9311708367;
Phone: +91 120 2328011-20
E-mail: ifex@indiaexpocentre.com

In accordance with the conditions stated overleaf and cost mentioned herein below, which we/I accept herewith, we order the following additional entry in the index of products / logo / profile.

Exhibitor : _____ Stand#: _____ Contact: _____

A) Additional Product Index No. : _____

B) ☐ With company logo ☐ Without company logo

(Soft copy of the logo in tif/eps formats for company logo to be provided by the exhibitor)

ADDITIONAL INFORMATION

C) Product / Company Profile *(Append extra sheet if necessary)*

Rs.5,500/- per entry.

Cost of Logo (Single color) in Catalogue entry Rs.1,100/-

Cost of Product / Profile entry in catalogue Rs.55/- per word.

D) Payment Calculations	Amount (in Rs)	TOTAL
1) Total product index numbers	x 5500	
2) Company Logo (Single Color)	x 1100	
3) Total number of words	x 55	
	Sub-Total	
	GST* @ 18%	
	TOTAL	

**Subject to be changed as per government norms.*

In submitting this application for catalogue entry, the exhibitor agrees to all points of the conditions for catalogue entry of Organiser and confirms to have received them. Undersigned is the duly authorised signatory of the exhibitor / co-exhibitor as mentioned above.

Place :

Date:

Authorised Signatory with Company Stamp

Product Index

It is important to note that entries are only made under the numbered product designation and not under the non-numbered group designations.

5.2.3	Waterglass process, equipment	6.2.3	Synthetic resin binders for gassing processes	7.2.1	Sand reclamation of clay bonded moulding sands
5.2.4	Lost-foam process, equipment.	6.2.4	Synthetic resin binders for thermosetting processes	7.2.2	Sand reclamation of sodium silicate and cement bonded sands
5.2.5	Vacuum moulding process, equipment.	6.2.5	Sodium silicate binders	7.2.3	Sand reclamation of synthetic resin bonded sands
5.2.6	Investment casting processes, equipment.	6.2.6	Cement binders	7.2.4	Crushing and grinding plants for used sand
5.2.7	Moulding machines and plants other processes.	6.2.7	Binders for investment casting		
		6.2.8	Moulding sand binders, others		
5.3	Core making machines and plants.	6.3	Moulding sand additives, coatings for moulds and cores	8	Moulding auxiliaries
5.3.1	Core blowing and shooting machines and plants.	6.3.1	Lustrous carbon formers	8.1	Pneumatic rammers
5.3.2	Core making machines, other.	6.3.2	Moulding sand additives, others	8.2	Moulding auxiliaries, general
		6.3.3	Mould and core coatings	8.3	Foundry tools
5.4	Moulding and core making machines, accessories.	6.4	Moulding sands ready-to-use	8.4	Mould and core adhesives
5.4.1	Gassing equipment for moulds and cores.	6.4.1	Precoated sands for shell moulding	8.5	Cores, prefabricated
5.4.2	Dosing devices for binders and additives.	6.4.2	Betonite-bonded sands ready-to-use, waterless	8.6	Chaplets
5.4.3	Mould handling equipment.	6.4.3	Moulding sands ready-to-use others	9.	Gating and feeding
5.4.4	Core handling equipment	7	Moulding sand preparation and sand reclamation	9.1	Covering compounds for feeders
5.4.5	Core treatment equipment (deflashing, coating, drilling) core glueing equipment.	7.1	Moulding sand preparation	9.2	Breaker cores
5.4.6	Automated core/mould manipulation systems	7.1.1	Moulding sand preparation machines and plants	9.3	Filter elements for liquid
5.4.7	Coating preparation	7.1.2	Moulding sand mixer	9.4	Exothermic materials
5.4.8	Moulding and coremaking machines, other accessories	7.1.3	Crushing and grinding plants	9.5	Cooling elements
		7.1.4	Magnetic separators	9.6	Strainer cores
5.5.	Moulding boxes and accessories	7.1.5	Measuring and control equipment for moulding sand preparation	9.7	Feeder sleeves
		7.1.6	Sand coolers	9.8	Other auxiliaries
6	Moulding sands	7.1.7	Sand aerators	10.	Casting machines and pouring equipment
6.1	Sands	7.1.8	Sand precoating plants (for shell moulding)	10.1	Pouring equipment
6.1.1	Silica sand	7.1.9	Screening machines and installations (silos and hoppers see 15.7)	10.1.1	Pouring equipment, mechanical
6.1.2	Chromite sand and flour	7.1.10	Separators for chromite and silica sand, zircon and silica sand		
6.1.3.	Zircon sand and flour	7.1.11	Moulding sand preparation, further equipment		
6.1.4	Moulding sands with natural clay binder				
6.1.5	Sands, other				
6.2	Moulding sand binders	7.2	Sand reclamation, plants and machines		
6.2.1	Bentonites and clays				
6.2.2	Synthetic resin binders for cold setting process				

10.1.2	Pouring equipment, dosing	10.4.3	Operating & auxiliary material for gravity diecasting, gravity die coating.	11.5.2	A-type grinding machines, hand operated or mechanized.
10.1.3	Pouring equipment, heated (pouring furnaces)			11.5.3	Hand-grinding machines.
10.1.4	Pouring Ladles			11.5.4	Grinding wheels.
10.1.5	Launders	10.5 Centrifugal casting machines and accessories.		11.5.5	Abrasives, others.
10.1.6	Pig casting machines	10.5.1	Centrifugal casting machines.	11.5.6	Grinding technology, others.
10.1.7	Pouring equipment and plants, other	10.5.2	Centrifugal casting moulds.		
10.1.8	Auto / Semi-auto pouring machines (Unheated type)	10.6 Continuous casting machines & accessories.		11.6 Fettling tools and Fettling accessories, general.	
10.1.9	Automation for pouring equipment	10.6.1	Continuous casting machines & plants.	11.6.1	Fettling chambers, Fettling benches, fettling cabins.
		10.6.2	Continuous casting moulds.	11.6.2	Fettling tools and sundries.
10.2. Die-casting machinery and plant		11 Knock-out, fettling and finishing.		11.7 Interlacing & automation of fettling shops.	
10.2.1	Cold chamber die-casting machinery	11.1 Knock-out		11.8 As-cast casting inspection equipment.	
10.2.2	Vacuum die-casting machinery	11.1.1	Knock-out & cooling drums & conduits.	12 Surface treatment.	
10.2.3	Thixocasting die-casting machinery	11.1.2	Knock-out machines.	12.1 Enamelling plants.	
10.2.4	Squeeze casting die-casting machinery	11.1.3	Cooling conveyors.	12.2 Paint spraying units and tools.	
10.2.5	Warm chamber die-casting machinery	11.1.4	Decorating equipment.	12.3 Impregnation plants.	
10.2.6	Complete die-casting plant	11.2 Blasting plant & accessories.		12.4 Galvanizing plants.	
10.3 Peripheral equipment and auxiliary materials for die casting (die casting dies see 17.3.1)		11.2.1	Pneumatic blast cleaning machines.	12.5 Surface treatment materials.	
10.3.1	Ladling and dosing equipment for die casting	11.2.2	Airless shot-blasting machine.	12.6 Surface treatment plants.	
10.3.2	Die heater / cooler units & accessories.	11.2.3	Pressure water blasting plants.	13 Welding & cutting	
10.3.3	Die spraying units.	11.3 Shot-blasting abrasives.		13.1 Flame cutting installations and accessories.	
10.3.4	Release agents for die-casting.	11.3.1	Shot-blasting abrasives, metallic.	13.2 Welding installations and accessories.	
10.3.5	Operating & auxiliary materials for die-casting.	11.3.2	Shot-blasting abrasives, others.	13.3 Filler metals.	
10.3.6	Extracting equipment for die-castings.	11.4 Fettling installations.		14 Heat treating and drying furnace	
10.3.7	Trimming machines for die casting.	11.4.1	Deflashing machines.	14.1 Mould & ladle dryers	
10.3.8	Trimming tools for die casting.	11.4.2	Sawing machines.	14.2 core drying stoves	
10.3.9	Other accessories for die casting.	11.4.3	Gating & feeding system separator machines & installations.		
10.4 Gravity diecastings machine and accessories.		11.4.4	Abrasive cut-off machines & wheels.		
10.4.1	Gravity diecasting machines & plants.	11.4.5	Fettling facilities, other.		
10.4.2	Low pressure diecasting plants.	11.5 Grinding machines & accessories.			
		11.5.1	Grinding machines, automatic controlled.		

14.3	Sand drying plants and stoves.	17.1.7	Cleaning equipment for permanent moulds.	19	Measurement and test technology
14.4	Heat treating furnaces and installations.	17.2	Pattern and die making materials and standard elements.	19.1	Measuring instruments
14.5	Burners and heaters.	17.2.1	Metals & alloys	19.1.1	Temperature measuring instruments
15	Transportation & storage.	17.2.2	Standard elements for permanent moulds and dies.	19.1.2	Thermal analysis equipment
15.1	Trucks, industrial	17.2.3	Hot working steels for diecasting dies.	19.1.3	Aluminium melt testing equipment
15.2	Cranes, hoists, rack trucks and accessories.	17.2.4	Die making, accessories.	19.2	Scales and weighing machines
15.3	Pneumatic conveyors	17.2.5	Heating and cooling devices for moulding & castings tools	19.3	Testing of materials and workplaces
15.4	Roller conveyors.	17.2.6	Plastics	19.3.1	Tightness testers
15.5	Oscillating conveyors	17.2.7	Ceramics	19.3.2	Endoscope
15.6	Continuous conveyors (belt conveyors, bucket conveyors and others)	17.2.8	Pattern wood	19.3.3	Hardness testers
15.7	Bunkers, silos and accessories.	17.2.9	Pattern varnishes	19.3.4	Crack detection equipment
15.8	Transport containers pallets, racks.	17.2.10	Pattern making sundries	19.3.5	X-ray testing equipment
16	Manipulation.	17.2.11	Plaster	19.3.6	Ultrasonic testing equipment
16.1	Manipulators.	17.3	Pattern equipment permanent moulds and accessories.	19.3.7	Material testing machines
16.2	Industrial robots.	17.3.1	Diecasting dies	19.3.8	Materials testing, further equipment
16.3	Manipulators, mechanical.	17.3.2	Permanent moulds gravity dies.	19.4	Chemical analyses and metallography
16.4	Positioning devices.	17.3.3	Gauges and fixtures.	19.4.1	Gas analysis apparatus
17	Pattern and die making.	17.3.4	Patterns and core boxes made of wood and plastic.	19.4.2	Laboratory equipment
17.1	Pattern and die making, machines and tools.	17.3.5	Metal patterns and core boxes	19.4.3	Spectrographic analysis equipment
17.1.1	Wood working machines.	17.3.6	Pattern plates	19.4.3a	Spectrographic sample preparation equipment
17.1.2	Metal machining, machine tools.	17.3.7	Lost foam patterns	19.4.4	Metallographic testing equipment
17.1.3	foam pattern production, machine.	17.4	Solid Freeform Manufacturing	19.4.5	Microscopes
17.1.4	Spotting presses	17.4.1	Object generation, equipment and processes	19.4.6	Grinding and polishing installations for metallography
17.1.5	Wax pattern injection machines.	17.4.2	Rapid prototypes, equipment and processes	19.4.7	Analytical apparatus, others
17.1.6	Pattern making and die making tools.	17.4.3	Rapid tooling, materials, technologies and processes.	19.5	Mould and moulding sand testing
		18.	Control systems	19.5.1	Mould testing equipment
		18.1	Process control, models, simulation	19.5.2	Moulding sand testing equipment
		18.2	Control equipment, automation technology	20	Compressed-air technology
				20.1	Compressed-air plants and accessories
				20.2	Pneumatic tools

20.3	Compressors and accessories	22.9	Slag dressing plants	24.3	Computer programs for the construction of models and moulds
21.	Exhaust and ventilation technology	22.10	Water treatment plants	24.4	Software for business and process data capture
21.1	Exhaust systems	22.11	Environmental protection and waste removal, further installations	24.5	Quality assurance software
21.2	Blowers and fans	23.	Industrial safety and ergonomics	24.6	e-business, e-commerce, IT solutions
21.3	Ventilating and air-conditioning equipment	23.1	Protective clothing	24.7	Engineering services
22	Environmental protection and waste removal	23.2	Body protection	25.	Consultation, planning services
22.1	Flue gas cleaning plants	23.3	Alarms	26.	Associations, trade publishers, trade journals
22.2	Waste water cleaning plants	23.4	Protection equipment, other	27.	Training, further education
22.3	Dust extraction systems	23.5	Sound control devices	28	Ferrous Casting
22.4	Filters and filter materials	23.6	Work station layout	29	Non-ferrous Casting
22.5	Operating supplies for waste management plants	24.	Information processing	30.	Raw materials
22.6	Foundry waste preparation plants	24.1	Data processing, produce development and optimisation software CAD/CAE	31.	Industrial Robotics and Automation
22.7	Pelletization plants	24.2	Simulation of casting processes		
22.8	Residue recycling				

FORM -III

21st International Foundry Exhibition – IFEX 2025 Concurrent with 73rd Indian Foundry Congress, Cast India Expo

February 09 - 11, 2025; Biswa Bangla Mela Prangan, Kolkata, India

EXHIBITORS CONSTRUCTING OWN STANDS/RAW SPACE

Deadline – 31st January 2025

Return to:

India Exposition Mart Limited
Plot No 23-25 & 27-29, Knowledge Park II
Greater Noida, Gautam Budh Nagar
Uttar Pradesh – 201306 Fax: +91-120-2328010
Sir,

PL. EMAIL TO
Mr. Mr. Rakesh Kumar Jha,
Mobile: +91 9311708367
Phone: +91 120 2328011-20 Ext. 2064
E-mail: ifex@indiaexpocentre.com

We are constructing our own stand. Our request for bare space & architect / contractor is enclosed herewith for your information & records.

Exhibitor: _____ Stand & Hall No: _____

Contact Person: _____

Address: _____

Tel: Fax : _____

Stand Contractor / Architect: _____

Contact Person: _____

Address: _____

Tel: Fax: _____

Please Note

- Please submit drawings duly certified by Structural Engineer (elevations, layout plan and perspective) with dimensions, illustrating the design of your stand for the Expo before given date along with the form. Pl keep 2 (two) sets of drawings approved by organizer with dimensions, illustrating the design of your stand. The Organizers reserves the right to check the same at any time during the expo.
- Both the exhibitor & contractor must abide by all rules and regulations of the organizers.

Declaration-

We confirm that we have read, understood, and agree to comply with and to be bound by the Terms & Conditions

AUTHORISED SIGNATORY _____

DATE: _____ SIGNATURE & STAMP: _____

Important: - Please retain a copy of this Form for your records.

FORM -IV

21st International Foundry Exhibition – IFEX 2025 Concurrent with 73rd Indian Foundry Congress, Cast India Expo

February 09 - 11, 2025; Biswa Bangla Mela Prangan, Kolkata, India

REQUEST FORM FOR ISSUANCE OF CONTRACTOR BADGES FOR BARE SPACE / OWN CONSTRUCTION OF STAND

Deadline – 31st January 2025

Return to:

India Exposition Mart Limited
Plot No 23-25 & 27-29, Knowledge Park II
Greater Noida, Gautam Budh Nagar
Uttar Pradesh – 201306 Fax: +91-120-2328010

PL. EMAIL TO
Mr. Rakesh Kumar Jha,
